

## IMPORTANT RECOMMENDATIONS!

Very important!

- It is recommended to see a doctor after the first 90 days of your spiritual-physical healing program, so that the examinations allow you to palpate rationally, with material sciences, evolutions, changes, or your total healing.
- If you respect all the instructions without prayer, it will have no effect because this "GPS prayer" (received by the instrument of God, Envoy Guy Parfait Songue) is the activating element, catalyst of all the rest. Only the one who is blessed can bless. A bad tree can not bear good fruit. A good tree bears good fruit
- If you scrupulously respect what was prescribed here, after 6 months maximum, you will realize, not only that you can treat yourself by prayer, but also that you can treat others in Praying for them. In less than 5 minutes the disease will go away. But do it carefully ; God expects from each one his own commitment, the intercession is punctual.
- Fabulous presents that are offered to you in a foretaste! We offer you here in terms of spiritual support and mouthing, excerpts from revelations and answers to mysteries
- There is no God for the enemies of God, there is no inheritance for illiterate, unworthy and illegitimate children.
- The Reason of the Creation of Man by God: God created all things, and begotten man his child, that in order that, brought together one another, they would fill each other with eternal happiness.
- The definition of the relationship God-Man: The relation God-man is a partnership relationship governed by a contract of free adhesion of synallagmatic character.
- According to other revelations that come from the Lord Jesus Christ, God speaks, by revelation, by prophecy, and, directly with the gifts of prophecy and shelter. God speaks for three main reasons:
  1. The first reason is that it is the same today yesterday and forever, it does not change. If he has spoken before, he will always speak. He asked me one day, in November 2014, if I know a father who does not speak to his children.
  2. The second reason God speaks is that he promised it to Moses, and therefore to mankind. Deuteronomy 29:29. The things hidden from the LORD our God, but the things revealed to us and our children to Perpetuity, that we may do all the words of this law.

3. **Third reason is that the Creator God knows that when there is no revelation the people are not framed, is not oriented, and is lost. He does not speak to everyone, but to some he has chosen. But we must know that the gift of prophecy is the most widely spread on planet earth; But it often takes a man who has the spirit of God to reveal these gifts.**
